

Over 24 million cars will be fitted with Apple CarPlay in 2019, says ABI Research

[DIGITIMES, 20140714]

Earlier in 2014, several car OEMs announced that they would be releasing new cars installed with CarPlay capabilities, including Ford, BMW, Audi, Mercedes, Jaguar/Land Rover, Toyota, Nissan, and Volvo, with many others sure to follow. With so many supporting CarPlay, ABI Research forecasts that in 2019 over 24 million new cars will be fitted with CarPlay.
